

The National Will Writing Company
'For your peace of mind'

About Us

The National Will Writing Company is a professional Will Writing and Estate Planning organisation and was formed in 1998. Our Senior Partner has over 20 years experience in Estate Planning and Will Writing and our network of professionally trained Associates have over 60 years experience.

Our Head Office is based in Willand, Devon and we have a branch office in Waterlooville, Hampshire. We have formed sound business relationships with a number of Independent Financial Advisers, Mortgage Companies and Charities who are only too happy to introduce potential Clients to us.

What we do?

The National Will Writing Company offers a wide range of services from basic Wills to more complicated Inheritance Tax Saving Wills and Protective Property Trust Wills. We also offer complimentary services such as Deeds of Severance for severing Joint Tenancies.

We also provide Enduring Powers of Attorneys, Living Wills and a very popular Annual Membership Scheme which will save money on any future work required by our Clients.

How do we work?

The National Will Writing Company can take clients Instructions in the comfort of their own home, at their place of work or by telephone appointment, whichever is more convenient. All our clients pay a fixed fee depending on the products that are required. The level of our fees will always be provided prior to any work being carried out.

NWWC and The Rainbow Centre

The National Will Writing Company is extremely pleased to be associated with The Rainbow Centre and to be supporting them by donating 25% of all fees charged for services that we provide. We will also be encouraging anyone writing a Will to include a Legacy to The Rainbow Centre.
