Making music Making sounds

Easy, accessible, entertainment. A **Free** community project. Are you interested in creating enjoyment with sound?

Do you know people of any age or ability who would thrive on making music simply by moving? Then Easibeam is exactly what your group need to try. We have knowledge of how to work and adapt equipment in order to engage all service users. Easibeam can help to full fill peoples' potential and bring great enjoyment as well as learning. Please contact for more information

Christina/Lisa 07773556528 www.facebook.com/easibeam -Demos are available on request and regular sessions can be organised.

(Donations accepted for upkeep of equipment, travel expenses maybe charged for out of area. But all sessions/ demonstrations are free)
